#### RESOLUTION

##### TARIFFS

New Delhi, the 31st October 1953

**No. 8(5)-T.B/53.**—The Tariff Commission has submitted its Report on the continuance of protection to the Calcium Lactate Industry on the basis of an enquiry undertaken by it under Section 11(c) read with Sections 13 and 15 of the Tariff Commission Act, 1951. Its recommendations are as follows:—

- (1) Protection should be continued for a further period of three years from 31st December 1953, at the existing rates of 27.3 per cent. *ad valorem* (preferential) and 37.8 per cent. *ad valorem* (standard). If during the period of protection, the quantum of c.i.f. prices of imported Calcium Lactate jeopardise the position of the domestic industry, the industry may apply for a review of the scheme of protection.
- (2) The Central and the State Governments should purchase indigenous Calcium Lactate to meet their entire requirements, provided the producers maintain the necessary standard of quality and charge reasonable prices.
- (3) The indigenous manufacturers should try to improve their process of production still further so as to conform fully to the new Indian Pharmacopoeia specifications for Calcium Lactate.

2. Government accept all the recommendations of the Tariff Commission and will take steps to implement them as far as possible.

3. The attention of the Industry is invited to recommendation No. (3).
